SIMONS delivered copies of Martin-Lin letter with enclosures to Chinese Embassy 2:30 p.m. November 6. Material covered by brief letter from ANDREWS to Chargé noting it was transmitted for his information. Simons explained orally what letters and attachments were. LO examined documents with Simons until he understood that second handwritten letter was not accompanied by typewritten text like first. Said he would transmit material to his Government. LO accompanied as usual by junior Embassy, and remainder of ten-minute interview consisted of pleasantries without substantive content. Neither Chinese had had vacation this year "because there was so much work", but both were pleasant and smiling throughout.
